2012 ISSST

2012 International Symposium on Safety Science and
Technology (2012ISSST) will be held in Nanjing,
Jiangsu Province, China, October 23-26, 2012. The
Symposium is a continuation of the previous seven
international symposia held in Beijing (1998 and 2000),
Tai'an (2002), Shanghai (2004), Changsha (2006),
Beijing (2008) and Hangzhou(2010) respectively. The

aim of the Symposium is still to provide an up-to-date
discussion in the field of safety science and technology.
All papers intended to be presented at the symposium
will be published in *Progress in Safety Science and
Technology (VOL. IX)*.

Subjects and topics

Papers will cover fundamental aspects, technical
approaches and/or the related areas as follows:

- Theories and methods of safety science
- Prevention of fire, explosion, dust and ventilation
- Safety management, education and training
- Structural safety and reliability
- System analysis and numerical simulation
- Risk assessment and control technology
- Methods for reliability and probabilistic and
non-probabilistic safety assessment

Instructions for abstract preparation

All those interested in presenting a contribution are
invited to submit a proposed Title, Author(s) Name,
Institution(with mailing address and e-mail address) and
a 300–500 words abstract that may include the purpose,
results, significance of the paper and comparison with
the previous state of art to the secretariat. The deadline
for receipt of the abstracts is May 10, 2012.

Instructions for full papers preparation

The full papers should include a Title with the Name(s)
of the Author(s) and Affiliation(s) of Author(s) and an
